**Subject:** RE: Flash Wireless

Good morning,

Flash Wireless is not providing wireline local exchange service so will not need to apply for a Certificate of Public Convenience. If the authorized representative form is not needed, please disregard.

Thank you.

**Subject:** Flash Wireless

A review of the Commission records indicates that Flash Wireless does not hold a Certificate of Public Convenience and Necessity nor is designated as an ETC in South Carolina.

Please advise why this authorized representative form was submitted on behalf of Flash Wireless.

If Flash Wireless is providing wireline local exchange services, then the company will need to apply for a Certificate.

Thank you,  
Jim McDaniel
